DURALAST ROOFING SPECIALISTS

**QUALITY ROOFING SYSTEMS
THAT ARE BUILT TO LAST,
GUARANTEED!**

Zach Harbaugh, Stone Canyon neighbor and owner of Duralast Roofing Specialists, graduated from OSU with a degree in business management and from there began a career in insurance. He later acquired a roofing company, now known as Duralast Roofing Specialists, as it was rebranded in 2017. Zach shares, “This combination of experience helps me to have superior skills with not only getting a homeowner’s roofing claim paid for, but also the ability to install superior roofing systems. Many homeowners allow a random roofing company’s salesperson to inspect their roof without ever knowing the quality of roof to be installed.” Zach continues, “Our process and knowledge allow us to manage the entire claim, from storm damage to new installation; providing a better, guaranteed product with continual oversight and certified installers to make certain we give our customers the highest quality roof.”

When choosing the name of his roofing company, Zach says he wanted to, “combine what we truly provide—durable, affordable and built/guaranteed to last roofing. Anybody can go buy shingles—our difference is we never cut any corners and we always install superior roofing. Our roofs are installed above required code and manufacturer specifications.” Zach explains further, “I never worry about storms for our customers, because our workmanship is excellent, and I know there will never be an issue or problem—which also means there will not be a problem for Duralast Roofing Specialists.”

Duralast Roofing sponsors our Young Achiever article each month. View their ad on page 32 this issue.

Zach and his wife, Angie, have lived in Stone Canyon since 2008. Angie is a teacher, and they have three sons: Adan, Zane, and Anson.
